Art and Creative Studies opens the door for major professional areas such as- education, institution business and industry, research and administration. Major objectives of the Department of Art and Creative Studies-

- To clarify the meaning of art and design in present day living.
- To encourage every person to use their creativity in achieving their personal, social, community and national goals.
- To familiarize with art and culture of our country and around the world.
- To sensitize and motivate students towards marketing and entrepreneurship.

Art is a field that touches our life at every point and is integrated with all of our activities. Art plays a very important role in every person's life. It offers a healthy and happy life.

It is believed that by born each and every person in this world are more or less gifted with some creative sense that lies deep inside our soul. The main purpose of Art and Creative Studies Department is to use that creative sense of a person in different sectors to produce special crafts, which we use in our daily life. Also The Art and Creative Studies Department has taken the responsibility to create a skilled person who will be capable of making world class products. That will surely get good market in home and abroad.

The theoretical part of the subject also contains the history of art, detail study on different artists etc. To make this subject more effective, a multidisciplinary course has been chalked out which includes physical science, social science, environmental management, house planning with interior and exterior decoration, fashion designing, marketing etc.

For self-employment and female entrepreneurship the subject Art and Creative Studies is not only appropriate for the students of Bangladesh but also is an important discipline of education for global demand. An excerpt of four year grading system syllabus is given bellow:
